

Social Studies, Grade 1

Unit III: Lesson C3

Game: **Needs vs. Wants**

Review the four basic things every person needs.

Cut out pictures from magazines or find pictures online that represent needs and pictures that represent wants. Mount and organize your pictures in a way that allows you to display them clearly and easily.

Show each picture to your classmates and ask them to tell you if they think it demonstrates a need or a want. Ask them to explain their choice.
