

Social Studies, Grade 2

Unit I: Lesson C2

Display: **Different Communities**

Select three to five communities in different parts of the United States. Write to the Chambers of Commerce of each of the communities. Ask for information about their community.

Visit your own Chamber of Commerce and ask for material that shows what it is like to live in your community.

Prepare a bulletin board display of the material you receive. The display should include a map showing the location of each of the communities. Be sure to make clear labels for each part of the display.
