

Social Studies, Grade 2

Unit II: Lesson A7

Interview: Veteran

Locate a person who is a veteran of a war. Interview this veteran to learn about his or her experiences.

Make up a list of questions to ask the veteran to:

1. Learn about the person and what happened in the war
2. Learn about what the country was like where the veteran was stationed
3. Learn about how the veteran felt during the war and feels about the war now.

Record an interview with the veteran. Share the interview with the class or tell the class the most interesting things you learned.
