

Social Studies, Grade 2

Unit II: Lesson B1

Research: **Jewish Holiday**

Read one or more of the series *All of a Kind Family* by Sydney Taylor. These books are about a Jewish family in the early 1900s. Select one holiday mentioned in the book(s). Research the holiday, why it is celebrated, and how Jewish people celebrate that holiday.

Compare the Jewish celebration of that holiday with your own celebration of Thanksgiving. List the different and similar things.

Think of an unusual way to show the other students in your class the differences and similarities between the two holidays. After checking with your teacher, create the project and share it with your class.
