

Social Studies, Grade 2

Unit IV: Lesson A4

Project: **Rewriting the Ten Commandments**

Read the Ten Commandments.

Think about how some of the commandments tell us "Do not" do something that is not good for us. Think about how you could rewrite those commandments to tell people what to do if they allow God to control them.

Think of an unusual way to write down your new version of the Ten Commandments. You may want your project to look like tablets of stone, like a piece of computer paper, or something else. Make the project large so you can display it in the classroom. Write all of the Ten Commandments in positive words, telling what we will do as God changes us to be how He wants us to be.
