

Social Studies, Grade 6

Unit II: Lesson A2

Report: **New World Map**

Research the discovery of a new world, such as when Christopher Columbus landed in the Americas.

Draw the continent you have discovered. Include land forms and water bodies. Color and label them. Include a written report explaining the location of your continent, the climate, the flora and fauna, and a description of the people and some of their outstanding characteristics. Make your report believable.

Display your project and report.
