

Social Studies, Grade 6

Unit II: Lesson A11

Diary: **Exploration**

Pretend to be one of the following people: a Viking man on a voyage west from Greenland, a European explorer who thought he had reached India by sailing west across the Atlantic, an English sailor headed for Hudson Bay, a French sea captain exploring the Mississippi River, or a Portuguese sea captain landing by mistake in Brazil.

Write a diary describing your experience. You will need to do research before writing so your diary will be as accurate as possible.

Share sections of your diary with your class in an oral report.
