

Social Studies, Grade 6

Unit II: Lesson C1

Model: **Ancient Civilization Architecture**

Research the architecture of one of the following ancient civilizations: Aztec, Mayan, and Incan.

Build a model of a structure built by one of these empires: Aztec – the island of Tenochtitlan in Lake Texcoco, Mayan – temple pyramid complex, Inca - lost city of Machu Picchu.

Include a written report with your display that explains the model or a legend that explains the representation.
