

Social Studies, Grade 6

Unit III: Lesson A3

Model: **Saint Lawrence Seaway Lock System**

Research the development of shipping on the Saint Lawrence Seaway. Learn how the system of locks was built. Determine the effect of those locks on the economic growth of the cities of the Great Lakes. Discover the current limitations and disadvantages of using the Saint Lawrence Seaway.

Make a model or a diagram of how a lock works to accompany a written report.

Display your report and model or diagram in class.
