

Social Studies, Grade 6

Unit III: Lesson A5

Questionnaire: **British Columbia Tourist**

Research the kinds of things tourists would want to see and do in British Columbia.

Prepare a questionnaire to discover which of British Columbia's attractions are the most appealing. Select a cross-section of your community, such as classmates, school employees, and local residents. Give the questionnaire to those people. Design and produce an illustrated travel brochure based on the results of your questionnaire.

Share the brochure with your class.
