

Social Studies, Grade 6

Unit III: Lesson D3

Display: **Which Government System is Best?**

Diagram the federal government system of both the United States and Canada. Show the three branches of each government and how the members of each branch are chosen. Compare the advantages and disadvantages of the separation of the legislative and executive branches in the United States' system with the lack of separation in the Canadian system.

Prepare a bulletin board display of the diagrams and your evaluation paragraphs.
