

Social Studies, Grade 6

Unit IV: Lesson A6

Letters: **Colored Perceptions**

Research the battle of the Alamo. Imagine two individuals, one Texan and one Mexican. Imagine these individuals writing letters to their families and friends describing the events of the battle.

Write two letters describing these events from the two different perspectives.

Read the letters to the class. Did the reported events change in the two letters? Explain to the class how a person's perspective colors perceptions of events.
