

Social Studies, Grade 6

Unit VI: Lesson A4

Notebook: **Bermuda Triangle Mystery**

The Bermuda Triangle is an area off the southeast coast of Florida. Discover more about this area where ships and aircraft have mysteriously disappeared. Research the explanations scientists offer. Develop your own interpretation for the mysterious disappearances.

Summarize in a written report several of the experiences you researched. Also include your deductions as to the disappearances. Place the paper in a notebook. Include a map of this region outlining the Bermuda Triangle in black and showing where ships and aircraft were last seen.

Make the notebook available to the class for reading.
