Unit VI: Lesson C2

Panel Discussion: **Modern Pirates**

Using knowledge learned from your research on pirates; originate a list of modern-day equivalents of pirates.

Choose several students to prepare for a panel discussion on this subject. You may wish to choose one student for each modern-day equivalent. Research these modern-day equivalents, including characteristics of these pirates, causes and results of piracy, legislation against piracy, and locations where it happens. Create a written outline for each student to aid in the panel discussion.

Conduct the panel discussion for the class.
