

Social Studies, Grade 6

Unit VII: Lesson C6

Report: **Quality of Life and Education**

Research the number of private and public elementary and secondary schools in South America. Determine the literacy rate in each country. Identify the number of major universities. If possible, determine the cost of attending school.

In a written report evaluate the information learned. Is the quality of life in a country related to the availability of education?

Make an oral report based on your written report.
