

Social Studies, Grade 6

Unit VII: Lesson A7

Report: **Landlocked Bolivia**

Bolivia has no coastline. Research the specific problems that arise because Bolivia has no access to the sea. Does it affect industrialization? What are the solutions? Investigate other countries around the world that are also landlocked. Include countries in Africa, Asia, and Europe, and regions in Canada and the United States.

Organize all your information in a written report and various charts or tables.

Present your work to your class.
