

Social Studies, Grade 6

Unit VII: Lesson A4

Report: **South American Industry**

Collect data on the per capita income of each country in South America and its major industry or industries. Evaluate the standard of living and categorize each country according to these characteristics.

Show this information in a graph. Brainstorm possible solutions for those countries with a low standard of living. Write a recommendation for ways to improve the quality of life in South America.

Using your chart and essay, make an oral report to the class.
