

Social Studies, Grade 8

Unit IV: Lesson B6

Program: **Constitutional Freedoms**

Organize some students to research the Constitution. Also read biographies of the framers of the Constitution.

In your group, discuss the responsibilities that go hand-in-hand with the privileges and freedoms promised in the Constitution. Focus on the right to petition and to assembly, and the freedom of religion, press, and speech. As a group, prepare and write a program based on the Constitution.

Present the program to a community group.
