Unit VII: Lesson D2

Legal Brief: **Native American Citizens**

Research the cases of *Porter v. Hall* (1928) and *Harrison v. Leveen* (1948) to discover the logic the court used in making Native Americans United States citizens. You might want to use a law library if one is available.

Write your findings in a legal brief. A legal brief includes facts of the case, issue of the case, argument of the court, and decision of the court.

Read your legal brief to the class.
