Unit II: Lesson 3

Sign Language: **Don't Say A Word**

Choose a friend with whom you want to develop a special language.

With your friend, decide on several phrases you want to communicate to each other. Some examples are, "I love you." "Can you play?" "Call me." Think of more yourself. Decide on body language signs you can use to communicate with your friend without speaking. Keep adding to your list of phrases and signs.

Talk to your friend without saying a word!
