

Social Studies, Grade 2

Unit I: Lesson C1

Map: **Giant Community Map**

Draw a large map of your community. Include the major roads and streets.

With the help of the students in your class, mark the location of each of their houses, your school, your church(es) and other places you would like to put on the map. You could include favorite stores, parks, the airport or a zoo.

Make a key and title for the map. Display the map in your classroom.
