

Social Studies, Grade 2
Unit IV: Lesson B3

Report: **Civil Disobedience**

Read or watch films about civil disobedience as was done by Gandhi in India, by Martin Luther King, Jr. during the civil rights movement, or by anti-nuclear protesters today.

Think of reasons why it was good for those people to break laws they thought were wrong. Think of reasons why it was bad. Decide if or when you think it is a good or a bad thing to break laws.

Discuss with your teacher and write a report in which you tell your decision and the reasons for your decision.
