

Social Studies, Grade 2

Unit V: Lesson A3

Report: **Native Americans in Pictures**

Select one of the Native American tribes that lived in the Southwest such as the Pueblo, Navaho, Apache, or Hopi. Research the tribe to learn such things as 1) The houses they lived in 2) Where they lived 3) What foods they ate 4) The way they got their food 5) Other customs.

Think about how that tribe of Native Americans lived. Decide what things in your life and in your community are the same as their life. Decide what things are different.

Draw two sets of pictures. One set will show the things you think are the same in your life and in the life of the Native American tribe. The other set will show the things you think are different in your life and in the life of the Native American tribe. Display your pictures.
