Unit VI: Lesson A1

Pictures: **Comparing Communities**

Choose one country in a different part of the world. You may want to choose Spain, Colombia, or Kenya. Research that country online and at the library.

Compare the country you chose with your own community. Make a list of all the things that are different about the country and the people in that country.

Draw two large, detailed pictures. One picture will be of your community and one will be of a community in the country you studied. Your pictures should show as many different things as possible.
