

Social Studies, Grade 3

Unit III: Lesson A4

Presentation: **Career of Choice**

Research at least two different careers, such as police officer and fire fighter. This is only a suggestion. Choose careers you like best, and then follow the plans below accordingly.

Arrange for your classroom to visit a police department and fire department or have police officers and fire fighters come to your classroom to talk about their work.

Lead your class in a question and answer session during the visit. Write a thank-you letter after the visit.
