

Social Studies, Grade 3
Unit IV: Lesson C1

Journal: **What Rights?**

After reading the lesson about the rights of citizens in government, imagine that you live in a society that has none of the rights described in the lesson.

Write a journal entry describing in detail a typical day in this society. Think carefully about how such a day would differ from a typical day in your own life.

Read your journal entry to the class. Discuss it with the other students. Do they agree or disagree with your ideas? Why?
