

Social Studies, Grade 3  
Unit V: Lesson B1

Map: **Freedom Trail**

Research the points of interest in Boston's Freedom Trail.

With two or three other students or by yourself, plan a Freedom Trail for your community. Include local, historical points of interest such as important buildings, monuments, or parks. Draw a map of your Freedom Trail, illustrate it, and give a brief description of each stop on the trail, telling why it is important.

After you have completed your Freedom Trail, lead a group of students on the trail, using the map you have developed.
