

Social Studies, Grade 3
Unit V: Lesson B5

Role-play: **It's My Gold!**

Research the immigration of miners who flocked to the Pike's Peak area in search of gold during the 19th century.

Compile a list of supplies miners brought with them on their journey. Write a script with dialogue describing the experiences the miners would have faced, depicting what their needs would have been and where they would have lived when they got there. Perform the script for the class with some other students.
