

Social Studies, Grade 4
Unit III: Lesson A3

Model: **Scenes of History**

Research the history of the Seventh-day Adventist Church in your state. Brainstorm with a friend some possible scenes that would represent the early days in your church's growth.

Analyze your list of scenes and decide which one you will develop into a diorama or model-size float. Carefully design your scene to reflect the fashions and society of the period.

Display your model of choice in the classroom.
