

Social Studies, Grade 8

Unit I: Lesson C1

Time Line: **Truths about Ocean and Earth**

Imagine that you lived before the time of Columbus in Spain or Portugal. Brainstorm what you think or imagine the people around you believed about the ocean and the earth.

Research early myths and legends about the ocean and the earth.

As you complete your research, note the dates that specific information about the earth and the ocean became known, as well as dates specific voyages and explorations took place.

Make a time line with illustrations.
