Report: **Trade Laws**

Identify the different types of trade that Philadelphia carried on in the middle 1700s. Identify the different types of trade that are carried on today in the United States.

Navigation Acts were passed by Great Britain to give England a large share of profits from colonial trade. What laws regulate trade in the United States today? Compare and contrast trade as it existed in the 1700s with trade as it exists today in the United States.

In a written report, outline the differences and similarities.
