

Social Studies, Grade 8
Unit VII: Lesson E6

Chart: **Invention Predictions**

Research the invention of the telephone by Alexander Graham Bell.

Design an evaluation chart listing the desirable and undesirable aspects of Alexander Graham Bell's most famous invention, the telephone. How has the telephone changed since its invention? Select another invention of the time and predict ways in which it will probably be improved in the year 2050.

Share your predictions with the class.
