

Social Studies, Grade 8  
Unit VIII: Lesson C10

Letter: **America's Neutrality**

Choose an immigrant group that left a belligerent nation during World War I for the United States. Research the group's feelings and concerns about the war, its reactions to the president's policy of neutrality, and its impressions of American public opinion in 1914.

Assume the role of an immigrant from this group. Write a letter to someone in the old country discussing your feelings about America's neutrality. Include in your letter how you are being treated in your new community.

Share your letter with the class.
