

Social Studies, Grade 7

Unit I: Lesson C2

Discussion / Examples: **African Art**

Make a collection of examples and pictures of early African art, such as pottery, sculpture, and carved masks.

Lead a class discussion regarding what people can learn about Africans from their art.

Summarize the class discussion in three to five statements. Two sources you can use are *The Art of Black Africa* by Elsy Leuzinger and *West African Art* by William Fagg.

Using the art you have studied, produce one or more examples of art that will reveal your own culture to the future.
