

Social Studies, Grade 7

Unit II: Lesson B1

Plan: **Polynesian Settlement**

Research how Polynesians expanded and settled new islands. (You may enjoy reading Thor Heyerdahl's book *Kon-Tiki*.)

Working with other students, plan how to move several families to an uninhabited island and settle there.

Make a list of things you will need on the voyage and to set up a new life. Note how you will make sure that you protect the supplies from spoilage.
