

Social Studies, Grade 7

Unit II: Lesson B7

Drawings / Essay: **Effects of War**

Guadalcanal, Bikini, Midway, and Iwo Jima are small islands whose names are now famous. Research the lives of the people living on those Pacific Islands before World War II.

Research the Japanese and Allied fighting on and occupation of the islands and judge their influence on the lives of the islands' inhabitants.

Prepare a before and after series of drawings or pictures showing the changes. Write a short essay to accompany your drawings detailing the advantages and disadvantages of foreign influence.
