Unit II: Lesson C5

Eulogy: **Japanese Warrior**

Pretend that you are a friend of a samurai, a Japanese emperor, a shogun or a daimyo who has died. After reading about Japan during the Shogunates (1192-1868), write a eulogy for your friend in which you show the importance of his class and how that class developed in Japan. Recount specific adventures and accomplishments from your friend's life. These events should be imaginary, but you should use your research for inspiration.
