

Social Studies, Grade 7

Unit III: Lesson B3

Bulletin Board: **Melting Pot or Salad Bowl?**

Research and compare migration into the United States during the 19th and the 20th centuries.

Collect pictures and information about the cultural contributions made by various groups that migrated to the U.S. during these centuries.

Analyze to what extent the cultures have blended into American Culture or have remained separate.

Illustrate one of these two ideas in a captioned bulletin board display: the U.S. is a melting pot or the U.S. is a salad bowl.

Present the research that shows the idea you think is correct.
