Headlines: **U.S. and Latin America Relations**

As you read about the United States' relations with Latin America, note the reasons why many people in Latin America resent the United States.

Compose headlines that might appear in both the New York Times and the Buenos Aires Herald connected with each of these events:

- President Monroe issues the Monroe Doctrine
- Spain is defeated by the United States in 1898
- Teddy Roosevelt aids Panama's Revolution
- The Roosevelt Corollary to Monroe Doctrine as stated in 1904
- U.S. financial control of the Dominican Republic in 1905 and later of Nicaragua and Honduras
- United States invaded Granada to protect American students.
